CPE POLICIES

The policies set by the CPE Committee enable the AKCPA to better serve your continuing professional needs.

AKCPA MEMBER/NON-MEMBER REGISTRATION FEES

Course descriptions include both member/nonmember fees.

The member fee is available to:

- AKCPA members/Associate members
- Out-of state CPAs who are members of another state CPA society and not residing in Alaska

A non-member fee must be paid at the time of registration by:

- Individuals who are not member of the Alaska Society of CPAs
- Out-of-state CPAs who are not members of any state CPA society

EARLY REGISTRATION POLICY

To encourage early registration, the Alaska Society of CPAs would like to offer an additional benefit to its members. Early registrations completed by the deadline of **June 1st** are entitled to a **\$50 discount on each 8 hour seminar and \$25 discount on each 4 hour course**. You must register on line for all classes and pay in full. Note: Early registration helps avoid course cancellations.

LATE REGISTRATION POLICY

For registrations received less than 21 days from the course date will be charged a late fee of \$50 for each 8 hour course and \$25 for each 4 hour course.

COURSE FEES

Course fees include all course materials, lunch and coffee breaks. They do not include travel or lodging. Room reservations are the responsibility of the participant. Course fees are subject to change at the discretion of the CPE Committee.

CONFIRMATION

Upon receipt of registration and payment in full you will receive an email confirmation with details pertaining to the class.

Attendance verification lists will be sent to all attendees. This list includes recommended credit hours for courses attended, but it is your individual responsibility to claim credit for only the actual class hours (1 credit hour for each 50 minutes) attended.

CANCELLATION AND REFUNDS

The AKCPA reserves the right to cancel any presentation due to insufficient registration or the inability of the discussion leader to speak at a schedule seminar. Each registrant will be notified and registration fees will be fully refunded. The AKCPA is not responsible for penalties incurred by registrants who must cancel travel arrangements.

REFUND POLICY

Full refund, less an administrative fee of \$25, will be available when registration is **cancelled more than 21 days prior to the presentation date. No refund is available for cancellations within 21 days of the presentation date.** Any refunds made due to extenuating circumstances will be referred to the CPE committee and will be based on their consideration of the individual situation.

SUBSTITUTIONS

If you cannot attend a class for which you have registered, you may find a substitute. If the individual is not a member then the nonmember fee will apply. The Society office should be notified of this in advance. If a program is two days in duration the same person must attend both days.

TRANSFER POLICY

The Society can no longer transfer registrations from one seminar to another.

SCHEDULE

Unless otherwise noted on confirmation sheets, CPE seminar schedules are as follows:

7:45 a.m. check in 8:00 a.m. seminar begins 12-1:00 catered lunch 4:00 p.m. seminar ends

If you have any questions, please call the Society office at (907) 562-4334.

Investment Taxation: The Medicare Tax and Beyond

June 24, 2015

**AKCPA Office
Anchorage, AK**

**\$295 AKCPA member fee
\$445 Nonmember fee**

Taxpayers are facing the tax on net investment income under IRC Section 1411 and it presents new issues and opportunities. The course considers what items of income and expenses are included in computing the amounts subject to the §1411 tax, the related add-on Medicare 0.9% withholding tax on earned income and the impact of income that is excluded from the definition of investment income on the tax. As well, the course will look at various other tax matters related to investment income.

Major Topics:

- Investment income types included in the computation of Section 1411 Medicare tax
- Passive activity income definition and inclusion under the Medicare tax
- Taxation of income from S corporations under the Medicare tax
- Expenses allowed in the computation of investment income
- Additional 0.9% HI tax on earned income
- Investment interest issues, including tracing and included expenses

Learning Objectives:

- Understand the application of the taxes under IRC §1411 and 3101 (the "Medicare taxes")
- Determine income items that are and are not included in the definition of investment income and expenses that are deductible against such income for purposes of the Medicare taxes
- Apply the earned income provisions of the complementary tax under §3101
- Understand the application of this tax to pass through interests
- Advise taxpayers on tax planning strategies involving investment income

Designed For: CPAs whose clients are impacted by Medicare tax under IRC Section 1411

Partnership / S Corporation Basis and Distribution Issues

June 25, 2015

**AKCPA Office
Anchorage, AK**

**\$295 AKCPA member fee
\$445 Nonmember fee**

Basis is a fundamentally important issue when dealing with pass through entities, as it impacts the equity holder's ability to deduct losses and/or receive distributions without a negative tax impact. As well, distributions from the different types of pass through entities are subject to differences in treatment that can have a major impact on the tax liability of the client. This course will look at the rules on calculating basis, limitations on loss deductions (including at-risk rules) and the treatment of distributions.

Major Topics:

- Formation of a new S corporation and contribution of assets in §351 tax free transactions
- Issuance of partnership interests in exchange for property in tax free manner under §721
- Treatment of issuance of a partnership interest for services
- Allocation of debt to partners in a partnership, including deemed distribution provisions
- Special partnership basis rules, including required allocations for contributed assets
- Under §704(c) and elective adjustments when a §754 election is in place
- Treatment of partnership and S corporation distributions
- At risk rules and their limits on losses

Learning Objectives:

- Inside and outside basis and gain/loss issues on formation
- Calculation of basis based on annual activities of the pass through entities
- Understand how to structure distributions to avoid unpleasant surprise tax liabilities

Designed For: CPAs who advise clients holding interests in pass through entities and the pass through entities themselves

Level of Knowledge: Intermediate

Compliance Auditing: Questions from the Field (CAQ)

June 29, 2015

**Westmark Fairbanks Hotel
Fairbanks, AK**

**\$295 AKCPA member fee
\$445 Nonmember fee**

Auditors are being found deficient by peer reviewers, federal agency reviewers, and state auditors. While this is not new, the situation is magnified by recent comments and actions by the DOL against firms performing ERISA audits that are not meeting professional standards. Although single audits are not ERISA audits, the focus on them has been heightened. Now is the time to ensure that you are current on all the new developments and are performing all the steps necessary to comply with professional standards.

- Help you avoid recurring common failures in audits under Government Auditing Standards and OMB Circular A-133
- Provide you with the latest changes in professional literature

Major Topics:

Using the very popular “Loscalzo FAQ Format”, the major subjects covered will include: frequently identified issues in compliance audits related to documentation, multipurpose testing, design of compliance and internal control tests, sampling applications, reporting findings, schedule of federal awards, and identifying major programs.

Learning Objectives:

Participants will be able to:

- Identify areas for improvements in their Government Auditing Standards (GAS) and OMB Circular A-133 audits
- Implement changes to audits as a result of changes to professional standards including the OMB’s Uniform Guidance

Designed For:

- Audit practitioners working on nonprofit and/or public sector clients who need audits performed in accordance with the Yellow Book and OMB Circular A-133
- Accountants in nonprofit or government organizations that need a compliance audit

CPE Credits: 8, Auditing

Level of Knowledge: Intermediate

Prerequisite: Assumed basic knowledge of compliance auditing, accounting and reporting, Yellow Book and OMB Circular A-133

Acronym: CAQ

Discussion Leader: Marcie Thomas, CPA

Qualifies for the 24 hour Yellow Book requirement. Determination as to the qualification of certain courses for the Yellow Book 24 hour requirement should be made on an auditor specific basis depending on that auditor’s Yellow Book clients. Note that the determination of course qualification is a matter of an auditor’s professional judgment in consultation with appropriate individuals in the audit firm. The 24 hours are a subset of the 80 hour requirement. It is recommended that this course not be scheduled in conjunction with “Compliance Auditing from Start to Finish.”

Nonprofit, Government and Compliance Update

June 30, 2015

**Westmark Fairbanks Hotel
Fairbanks, AK**

**\$295 AKCPA member fee

Qualifies for the 24 hour Yellow Book requirement if an auditor has FASB Yellow Book clients. Determination as to the qualification of certain courses for the Yellow Book 24 hour requirement should be made on an auditor specific basis depending on that auditor's Yellow Book clients. Note that the determination of course qualification is a matter of an auditor's professional judgment in consultation with appropriate individuals in the audit firm. The 24 hours are a subset of the 80 hour requirement.

Dangers of Improper Revenue Recognition & Related Party Transactions – A Recurring Issue

August 5, 2015 Afternoon Sessions

**AKCPA Office
Anchorage, AK**

**\$150 AKCPA member fee
\$225 Nonmember fee**

Headline after headline points out how pervasive improper revenue recognition is. Finally, the FASB has added a project to revisit revenue recognition. Through lecture and short case write-ups, this program will identify improper revenue recognition techniques. In addition, the program will address quality of earnings – so much in the forefront in this scandal-ridden environment.

Major Topics:

General revenue recognition principles... New revenue recognition guidance as a result of a joint FASB/IASB project... Accounting for product financing arrangements... Accounting for sales of real estate... Software revenue recognition... Service transactions and construction contracts... Improper revenue recognition: A problem for the profession... Other deceptive revenue recognition practices.

Learning Objectives:

Participants will be able to:

- Identify creative accounting practices used to deceive financial statement users
- Identify those risk characteristics normally associated with fraudulent financial reporting
- Apply accounting rules the right way

Designed For: Practitioners in industry and in public practice.

Level of Knowledge: Basic

Related Party Transactions – A Recurring Issue

Related party transactions are often the most difficult for accountants and auditors to manage due to these transactions not being separately identified when transaction activity takes place. Related party transactions are often used to commit fraud and more often are simply hidden by management because they do not want third parties to be aware of these transactions. This program will identify the accounting and disclosure guidance associated with related party transactions (ASC 850), address form over substance related party transactions, provide examples of related party frauds, and describe best practices for identifying undisclosed related party transactions. Related party disclosures will also be addressed.

Major Topics: A closer look at related party transactions and the related accounting guidance... Related party frauds... Best practices, related party disclosures

Learning Objectives: Participants will be able to identify, account, and disclose related party transactions.

Designed For: Accountants in public practice and industry.

Most review techniques developed by professionals are self-taught. The purpose of this course is to give both new and seasoned reviewers additional and advanced procedures via a multitude of checklists to more thoroughly review various tax returns. Its emphasis is not planning; rather, it is to review a return effectively and thoroughly.

Major Topics:

- Review a staff-prepared Form 1040 from client-provided information
- What are common errors preparers make and what are the areas generating malpractice claims
- The importance of engagement letters, questionnaires, and §7216 permission statement
- Initial administrative groundwork
- Identifying organizing issues in the tax return to be reviewed
- Avoiding “willful blindness”
- Efficient review of certain advanced issues for income, adjustments, deductions, and credits
- Effective procedures for delinquent clients, filing past-due tax returns
- First-time client issues requiring extra scrutiny
- Multiple checklists of efficient procedures to identify potential issues on a 1040 return
- Listing of schedules for staff to prepare to make a review easier, including basis issues for 1040 clients

Learning Objectives:

- Expand the process involved in reviewing applicable tax returns
- Identify the most common areas that result in errors
- Document a review, including consideration of risk management

Designed For: Senior staff new to the review process or experienced partners/managers looking to update and/or expand their review procedures

Choosing the Best Entity Structure Under the Tax Law in 2015

September 23, 2015

**AKCPA Office
Anchorage, AK**

**\$295 AKCPA member fee
\$445 Nonmember fee**

Tax rates are always a critically important factor in choosing the form of business organization, and the individual and corporate rates in 2015 and beyond demand a reconsideration of current businesses and a different analysis for new ventures. By comparing and contrasting the tax aspects of C corporations, S corporations, partnerships, sole proprietorships, and limited liability companies, this course focuses on distinctions that can make big differences. This in-depth course will cover planning opportunities and potential pitfalls in developing a business structure. This course is a must for all practitioners.

Major Topics:

- Tax considerations in the organization of an enterprise and the pitfalls to avoid
- Non-tax considerations
- How income tax rates affect choice of entity
- Formation of a sole proprietorship, partnership, LLC, single-member LLC, S corporation, and C corporation.
- Practical guidelines on what entity structure to use under various circumstances, and relevant changes in the law
- Comparing and contrasting the tax aspects of partnerships with sole proprietorships, S corporations with partnerships, C corporations with S corporations, and partnerships with C corporations, and limited liability companies with all other entities
- Choice of entity in structuring real estate investments or a professional business
- Fringe benefits and retirement plans: which entities have special advantages
- Liquidations, dissolutions, and dispositions of a business
- Impact of recent case law on choice of entity
- Are C corporations the wave of the future? The impact of §1202

Learning Objectives:

- Identify the various business organizations available and their nontax criteria
- Distinguish the tax characteristics of a sole proprietorship, LLC/partnership, S corporation, and C corporation
- Understand the formation and exit strategy tax issues

Designed For: CPAs who are considering starting a new business or who advise clients on the form of business organization that is best in light of recent tax law changes

Intermediate Core Tax Issues in Partnerships and LLCs

September 24, 2015

**Westmark Fairbanks Hotel
Fairbanks, AK**

**\$295 AKCPA member fee
\$445 Nonmember fee**

As they gain more experience, staff are expected to take on more complex assignments with minimal supervision. This program utilizes a case study approach to apply federal tax rules to clients' limited liability companies. The course is designed to be a step above a mere preparation seminar, including case review and discussion regarding formation, LLC taxation election issues, pre contribution appreciation in assets, basis implications of recourse and nonrecourse debt, special allocations of income and deductions, basis step-up under §754 on transfer of an ownership interest, self-employment tax issues, and termination/liquidation of the LLC.

Major Topics:

- Applicable coverage of recent tax acts and any new legislation enacted before presentation
- Detailed rules of §704 for preventing the shifting of tax consequences among partners or members
- Unreasonable uses of the traditional & curative allocation methods
- Multiple layers of §704(c) allocations
- Treatment of recourse versus nonrecourse debt basis
- How to calculate basis limitations and its implication on each partner's own tax return
- How §179 limitations affect partnership/LLC basis
- Regulations for handling basis step-ups under §754 elections, and mandatory adjustments under §743 and §734 for partnerships who have NOT made the §754 election
- Subsequent contributions of property with §754 adjusted basis to another partnership or corporation
- Capital account adjustments in connection with admission of new member
- To make special allocations, the regulations require substantial economic effect, what are the requirements?
- LLCs and self-employment tax to the members
- Distributions – current or liquidating, cash or property including the substituted basis rule
- Termination/liquidation of an LLC
- Is there a “flexible standard of law” regarding closely held entities?

Learning Objectives:

- Prepare more complicated partnership returns
- Understand certain advanced concepts of partnership taxation

Designed For: Experienced CPAs desiring a comprehensive case approach to understand reasonably complex limited liability company issues and problems; also, CPAs who want a comprehensive, intermediate-level limited liability company practice manual

Ethics and Quality Control in Tax Practice (Regulatory Ethics / Ethics in Tax Practice)

October 30, 2015 Morning Session

**AKCPA Office
Anchorage, AK**

**\$150 AKCPA member fee
\$225 Nonmember fee**

Circular 230 and IRC Sections 6694 and 7216 threaten horrific penalties on careless tax practitioners. The Office of Professional Responsibility is suspending practitioners who fail to apply "due diligence" to their preparation of tax returns. Together with revised AICPA Statements on Standards for Tax Services, these new rules change the way CPAs approach the "tax business." Monetary penalties may be imposed for carelessness in applying the law to your client's tax affairs. This program helps you meet the "best practices" standard, other ethical standards, and regulatory requirements. It will also include discussion of privileged communication and various penalties that apply to tax practitioners.

Major Topics:

- Preparer Penalties
- Penalties for failing to secure client permission to disclose or use information
- Office of Professional Responsibility administrative authority
- Circular 230 rules for CPAs who prepare returns or provide tax opinions
- Your state law governing the practice of accounting
- Your state Board of Accountancy rules
- AICPA Statements on Standards for Tax Services
- Quality control documents and why you must have one
- Professional Liability in Tax Practice
- Current practice and ethics issues

Learning Objectives:

- Comply with IRC Sections 6694 and 7216
- Apply Treasury Circular 230 rules to your practice or your duties as an employee
- Follow rules that govern the practice of public accounting in your state
- Implement AICPA Statements on Standards for Tax Services 1 through 7 and Interpretations 1-1 and 1-2
- Avoid unnecessary exposure to penalties and malpractice claims in your tax practice

Hot IRS Tax Examination Issues For Individuals and Businesses

November 10, 2015

**AKCPA Office
Anchorage, AK**

**\$295 AKCPA member fee
\$445 Nonmember fee**

Recently, the IRS has dramatically ramped-up its examination of individuals and small business taxpayers. Now, more than ever, CPAs need clients to understand the need for documentation and procedures to substantiate what IRS auditors are pursuing. Learn the high audit risk areas and ways to help clients survive an IRS audit with little or no change. It is critical for CPAs in public accounting to understand the risk to clients and to themselves in tax return preparation and planning.

Major Topics:

- Prepare now and protect yourself from new audit examinations from the Net Investment Income Tax
- Schedule C and cash basis audit issues – the IRS has gotten very tough
- Vehicles, meals, and entertainment, and fringe benefit documentation
- Passive losses and passive income: in-depth understanding of hot IRS audit examination areas
- What the IRS is looking at in businesses with loss histories
- Selected industry-specific issues, including construction, retail, food, bars, etc.
- Business consultants
- Post-audit: the 30-day letter and the 90-day letter – what they mean to the taxpayer.

Learning Objectives:

- Understand what the IRS is focusing on in auditing individuals and selected businesses
- Help clients reduce their exposure to additional tax assessments
- Determine strategies for dealing with IRS examiners and presenting your clients' tax positions in the best light possible

Designed For: CPAs in public practice who prepare tax returns and represent their clients on IRS examinations

\$225 Nonmember fee**

As the baby boomer generation approaches retirement, financial and tax planners can expect increased demand for strategies that dovetail Social Security with other retirement objectives. This course provides tax and financial planning professionals with both the background information on the Social Security system and the strategies clients will need in dealing with it.

Major Topics:

- Retirement benefits: What the amount of benefits is in various circumstances
- Spousal benefits: Should a spouse return to work? What benefits does a spouse have and when and how do they relate to benefits decisions by the client?
- Claiming on Social Security: advantages and disadvantages at ages 62, 66, and 70
- Planning: What clients approaching retirement age should consider now with respect to benefits for them, their spouses, and their children
- Coordinating benefits: Should you take Social Security first and higher-balance IRA distributions later, or take IRA balance first and enhanced Social Security benefits later?

Learning Objectives:

- Identify who is entitled to retirement benefits and in what amounts
- Be aware of what factors must be considered in determining when to take benefits
- Understand the impact of reductions or enhancements to the benefits on planning

Designed For: Practitioners who have baby boomer clients with significant wages or earned income
