

Ami Oppe, CPA attended the last IRS PLM meeting on May 29th. The IRS is looking for feedback regarding their notices. They are trying to make their notices better and would value feedback from our members.

- IRS initiative to make notices and letters easier for taxpayers to read, understand and respond to is part of the Strategic Operating Plan made possible by the IRS funding in the Inflation Reduction Act of 2022.
- Stakeholders can submit feedback via the wi.otc.cam@irs.gov mailbox
- Feedback should focus on any aspects of notices or letters people found: unclear, confusing, inconsistent, incorrect, unpleasant, inappropriate in tone, or any other change they recommend.
- Feedback should also include the title or number of the notice or letter in the subject line of the email.
- It would also be helpful if the email includes details on the submitter's experience with the notice or letter.
